EARTH PRODUCTS

Acrison:www.acrison.com

High performance, superior quality feeder equipment for dry solids metering/handling.

ACS Valves:www.acsvalves.com

Valves for material handling of dry bulk material, dust collection systems and pneumatic conveying.

Erie Technical Systems:www.bulkfilling.com

Erie Technical Systems offers machinery for [bulk filling](#), [bulk unloading](#), [pallet handling](#), and [conveyors & feeders](#). [Bulk bag filling](#), [bulk box filling](#), [bulk tote filling](#) and [bulk drum filling](#). In house controls, panel building and automation capabilities. High pressure and material handling.

Eriez Manufacturing:www.eriez.com

World authority in advanced technology for magnetic, vibratory and metal detection and recycling applications.

Kinergy Corporation:www.kinergy.com

The most complete line of vibratory machines for bulk solid material handling & processing.

Lorenz Conveying Products:www.lorenz.ca

Couplings, diverter valves, slide gates or custom fabricated accessories for bulk handling, vacuum and pneumatic conveying systems.

Magnum Systems:www.magnumsystems.com

Single Source Pneumatic Conveying, Packaging and Container Handling Equipment.

Monitor Technologies:www.monitortech.com

Level measurement for powder/bulk solids applications.

Munson Machinery:www.munsonmachinery.com

The leader and innovator of blending, size reduction, and engineer design specialty equipment.

Ultra Industries:www.ultradustcollectors.com

A manufacturer of air filtration and pneumatic conveying equipment providing exceptional service and quality to customers.

Universal Industries:www.universalindustries.com

Bulk material handling equipment specializing in bucket elevators and conveyors.

Vac-U-Max - Pneumatic Conveying Systems:www.vac-u-max.com

Specializes in the design and manufacture of pneumatic system and support equipment for conveying, weighing, and batching of dry materials.

Vac-U-Max - Industrial Vacuum Systems:www.vac-u-max.com

VAC-U-MAX is a premier manufacturer of industrial vacuum cleaning systems for production lines and other dust-intensive areas. With a VAC-U-MAX heavy-duty industrial vacuum cleaning system on site, both your capital equipment and your employees will be safer and cleaner.
