Serving Florida for over 30 Years

PARTNER MANUFACTURERS

FOOD - PHARMACEUTICAL -
PLASTIC - GLASS -
REFRACTORY – RECYCLING -
CHEMICAL –
EARTH PRODUCTS

Acrison: www.acrison.com

High performance, superior quality feeder equipment for dry solids metering/handling.

ACS Valves: www.acsvalves.com

Valves for material handling of dry bulk material, dust collection systems and pneumatic conveying.

Cyclonaire: www.cyclonaire.com

Creators of new, customized approaches to materials conveyance to match customers' specifications and materials for Dense, Semi-Dense, and Dilute Phase applications. Concept stage to post installation follow-up, expert on-going support.

Erie Technical Systems: www.bulkfilling.com

Erie Technical Systems offers machinery for bulk filling, bulk unloading, pallet handling, and conveyors & feeders. Bulk bag filling, bulk box filling, bulk tote filling and bulk drum filling.

Eriez Manufacturing: www.eriez.com

World authority in advanced technology for magnetic, vibratory and metal detection and recycling applications.

HaF Equipment: www.hafequipment.com

Developing, designing and building industrial food processing systems. Systems DDE, PFD, P&ID, engineering services.

Kason: www.kason.com

Leading global manufacturer of screening, sifting and processing equipment to a wide array of industries.

Lorenz Conveying Products: www.lorenz.ca

Couplings, diverter valves, slide gates or custom fabricated accessories for bulk handling, vacuum and pneumatic conveying systems.

Monitor Technologies: www.monitortech.com

Level measurement for powder/bulk solids applications.

Munson Machinery: www.munsonmachinery.com

The leader and innovator of blending, size reduction, and engineer design specialty equipment.

Ultra Industries: www.ultradustcollectors.com

A manufacturer of air filtration and pneumatic conveying equipment providing exceptional service and quality to customers.

Universal Industries: www.universalindustries.com

Bulk material handling equipment specializing in bucket elevators and conveyors.

Vac-U-Max - Pneumatic Conveying Systems: www.vac-u-max.com

Specializes in the design and manufacture of pneumatic system and support equipment for conveying, weighing, and batching of dry materials.

Vac-U-Max - Industrial Vacuum Systems: www.vac-u-max.com

VAC-U-MAX is a premier manufacturer of industrial vacuum cleaning systems for production lines and other dust-intensive areas. With a VAC-U-MAX heavy-duty industrial vacuum cleaning system you can keep capital equipment and your employees will be safer and cleaner.
